ENCLOSURE: Aerial photograph of Dzhaparidze Petroleum Refinery

REQUIREMENT RR/HTA/E/R2/57: Describe changes since World War II  
in the Dzhaparidze Petroleum Refinery.

REMARKS:

The Dzhaparidze Petroleum Refinery, located on the shore of the  
Caspian Sea in the eastern part of Baku, is one of five refineries comprising  
the Waterfront Group. This group constitutes the largest petroleum refining  
development in the USSR.

25X1D

A comparison of [redacted] photography with that of [redacted] reveals no  
significant change in the refinery except the construction of one large cracking  
unit in the central part of the plant. Buildings, storage, and processes that  
were apparent in [redacted] still remain and appear to have undergone little change.
